

GENERAL OPERATIVE / SURVEYING ASSISTANT

The Company

Cathodic Protection Co Ltd is a leading provider of cathodic protection solutions to the oil, gas, water and construction industries. The company enjoys an enviable reputation for quality and service and operates on a global basis serving major international clients.

The Position

The company is seeking an Assistant Surveyor to strengthen our field services team. This is a **temporary position** and requires an individual who will be responsible for supporting CP Technicians and Engineers in performing cathodic protection related field testing and data collection of systems on pipelines and other facilities field-wide related to corrosion control and pipeline/facility integrity. We require a candidate who is self-motivated and committed to providing excellent service and support.

Travel (around the UK and occasionally abroad) is a pre-requisite to this job.

The candidate must have strong organisational, communication (written/verbal), teamwork, and prioritisation skills. Applicants should also have good interpersonal skills and be able to build relationships within the team and with customers from a range of cultural and ethnic backgrounds.

Note: Candidates must be eligible to live and work in the UK and possess full valid UK driving license to apply for this position

Job Responsibilities

- Support technicians in site surveys and Investigation
- Perform tasks such as collecting wire, locating pipelines and support functions to aid completion of site works
- Travel is required to field locations around the UK and some overseas works.

Competencies, Skills, and Abilities:

- Strong written and oral communications skills
- Must be able to work with a team, take direction from supervisor(s), prioritise work schedule, focus attention on details
- Proficient with computer skills (MS Office, operating systems, company software, and technical systems)

Desirable Competencies, Skills, and Abilities:

- Confined space training
- EUSR, Safety Passport, CSCS Card holders

The above statements describe the general nature and level of work being performed. This position may perform other duties as assigned.

To Apply

Send your CV and a letter of application to jobs@cathodic.co.uk, stating which post you would like to apply for, and we will get back to you as soon as possible.
